

ACOMA — "THE SKY CITY"  
New Mexico

West of Albuquerque and a few miles South of Grants from Highway 66 lies the famed Indian Pueblo of Acoma — atop its seventy acre, 400 foot mesa.

Unchanged by the passing centuries, Acoma is probably the oldest continuously inhabited settlement in the United States.

The Church of Acoma is the most unusual on the North American Continent. The huge beams and all of the materials were carried on the backs of the Indians from the plains below.

Acoma is easily reached from Albuquerque.
